Scrap Long Links!

Shorten and brand your links to increase clicks while maintaining the tracking parameters you desire.

The application interface includes tabs for 'Links', 'Analytics', and 'Account'. At the bottom, there are buttons for 'Save Changes' and 'Delete Link'.

Link Details

- Title:** http://apple.com/
- Creation Date:** 05/04/2020

URL INFORMATION

- Original URL:** http://apple.com
- Custom Address:** tinitron.ml/bv44

LINK SETTINGS

- Expiration Date:** 06/03/2020
- Password:** Password

LINK ANALYTICS

- Analytics:** Analytics

Create Link

Original URL: https://www.apple.com

Custom address: tinitron.ml/bv44

Show advanced options:

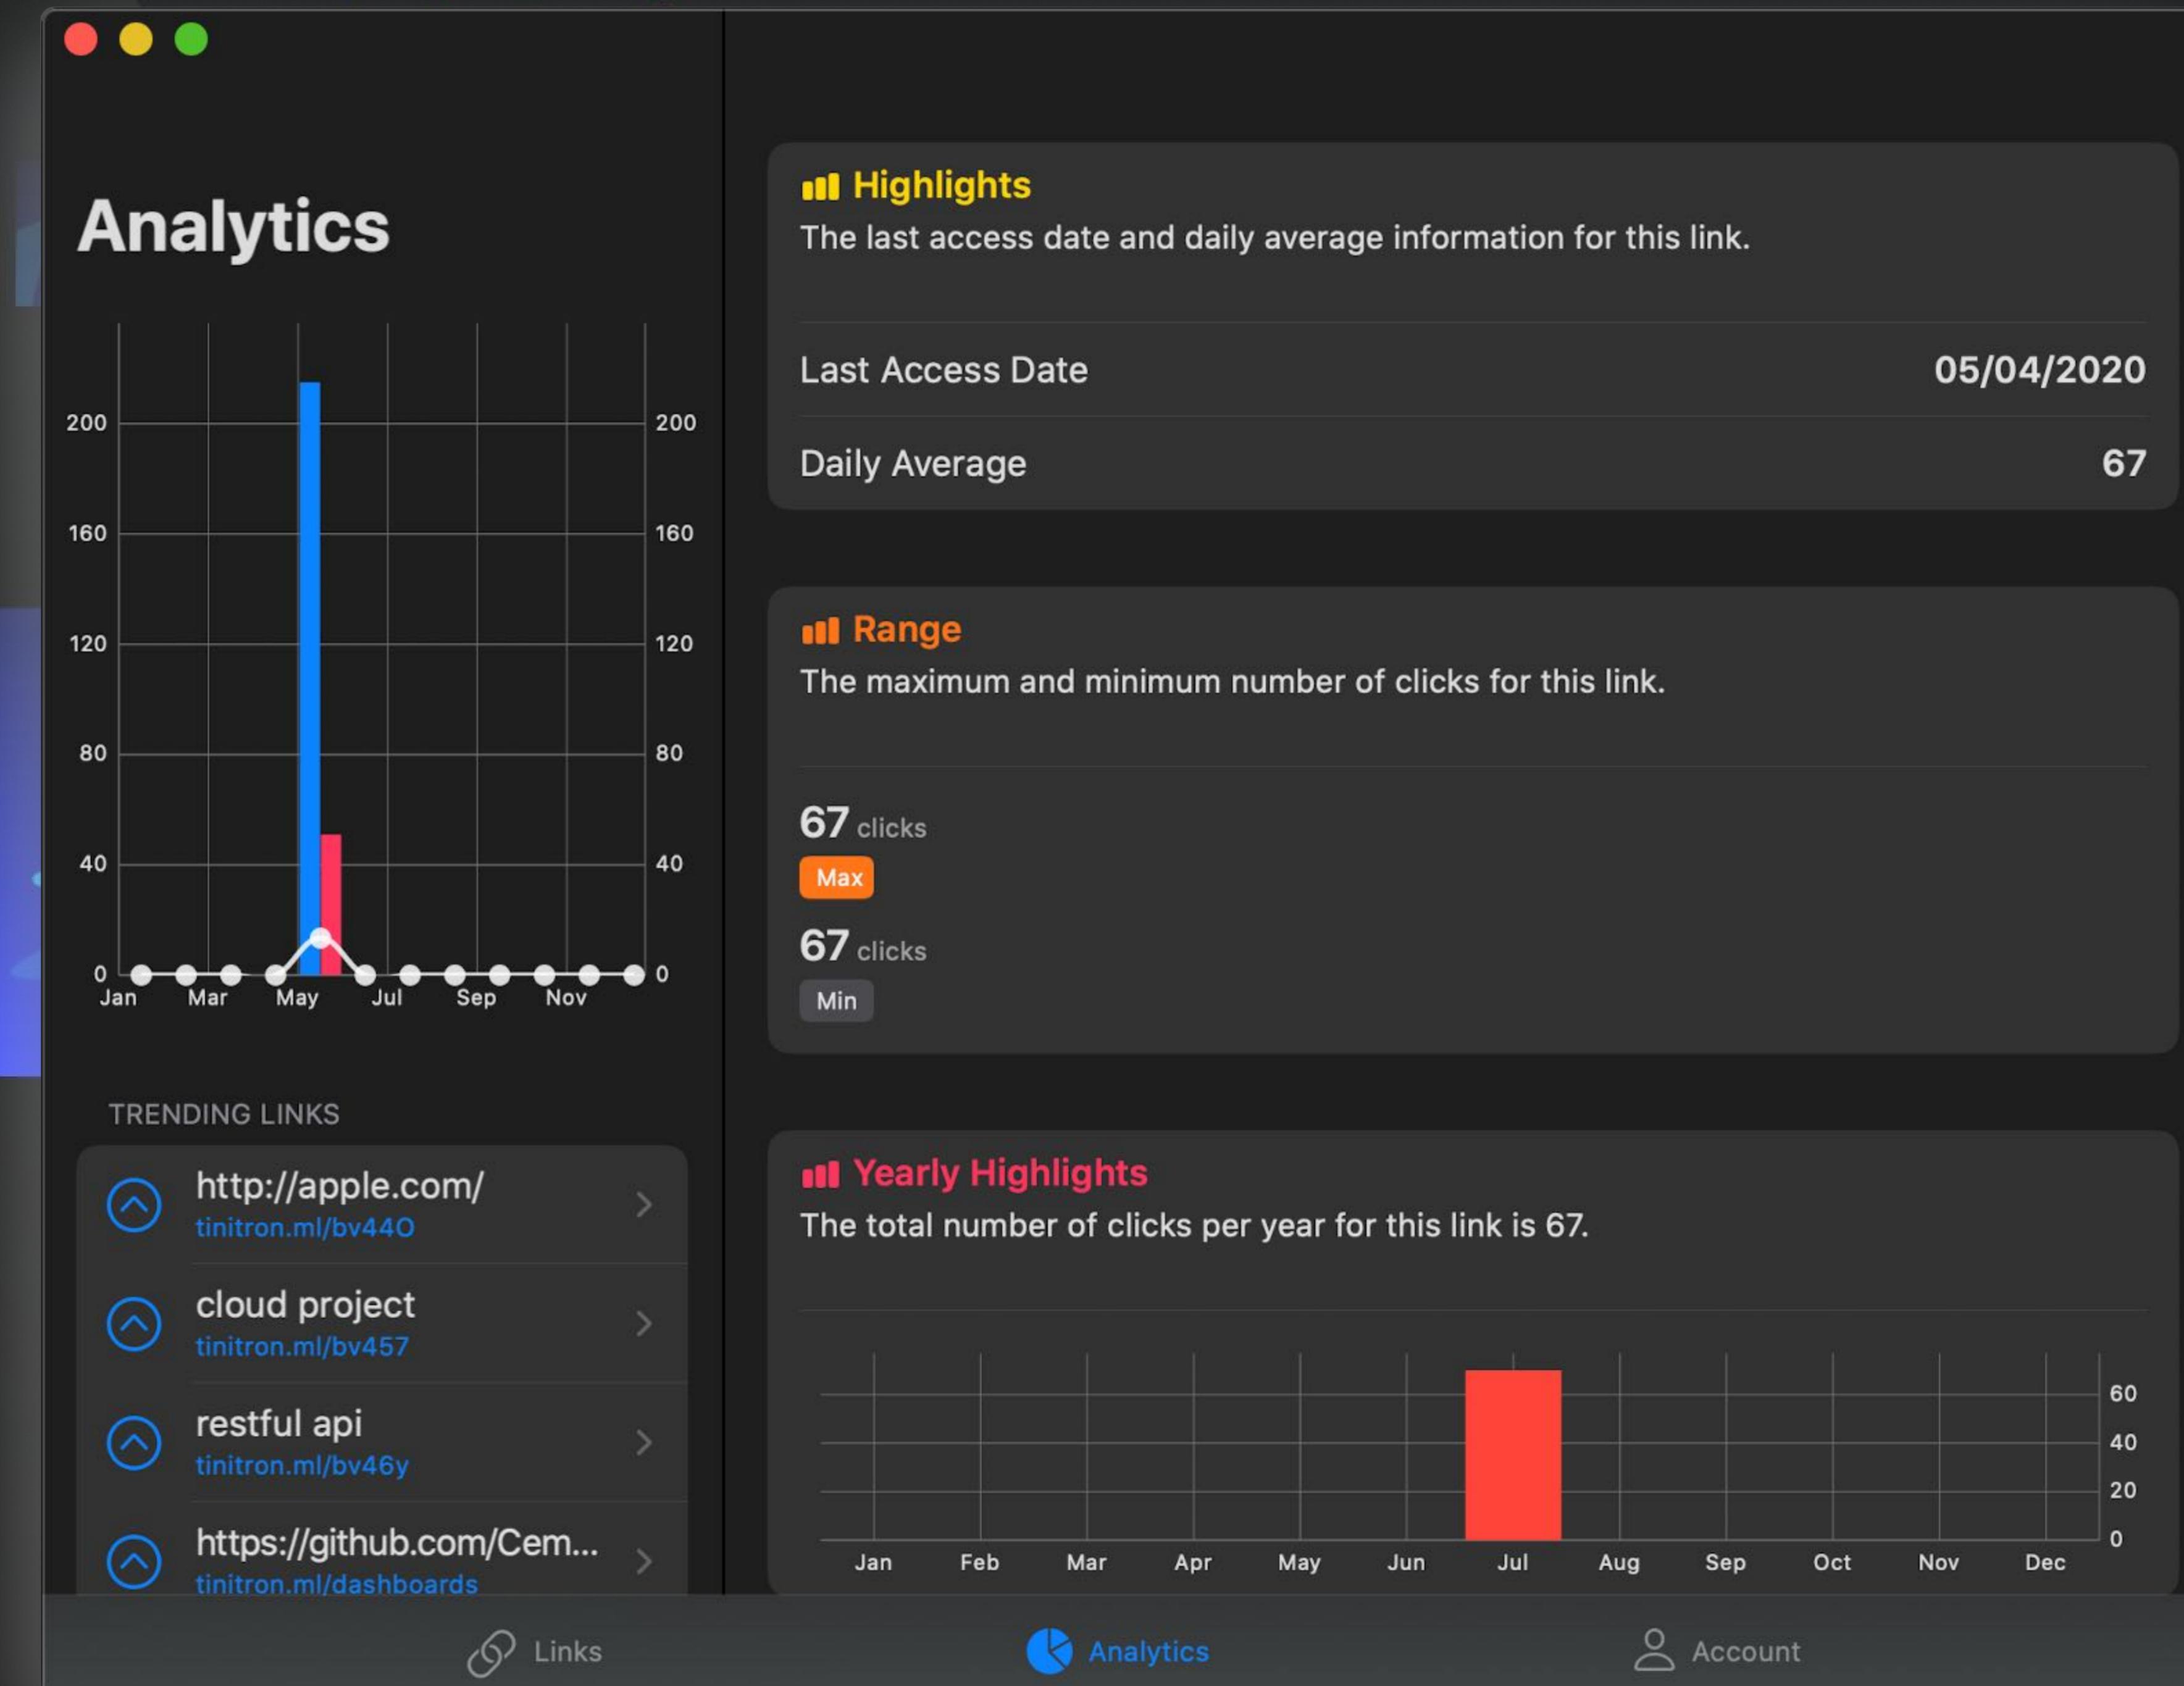

In order for your short link to work make sure you enter a valid URL.

Advanced Options:

- Custom address:** tinitron.ml/bv44
- Password:**
- Expiration Date:** 06/07/2020

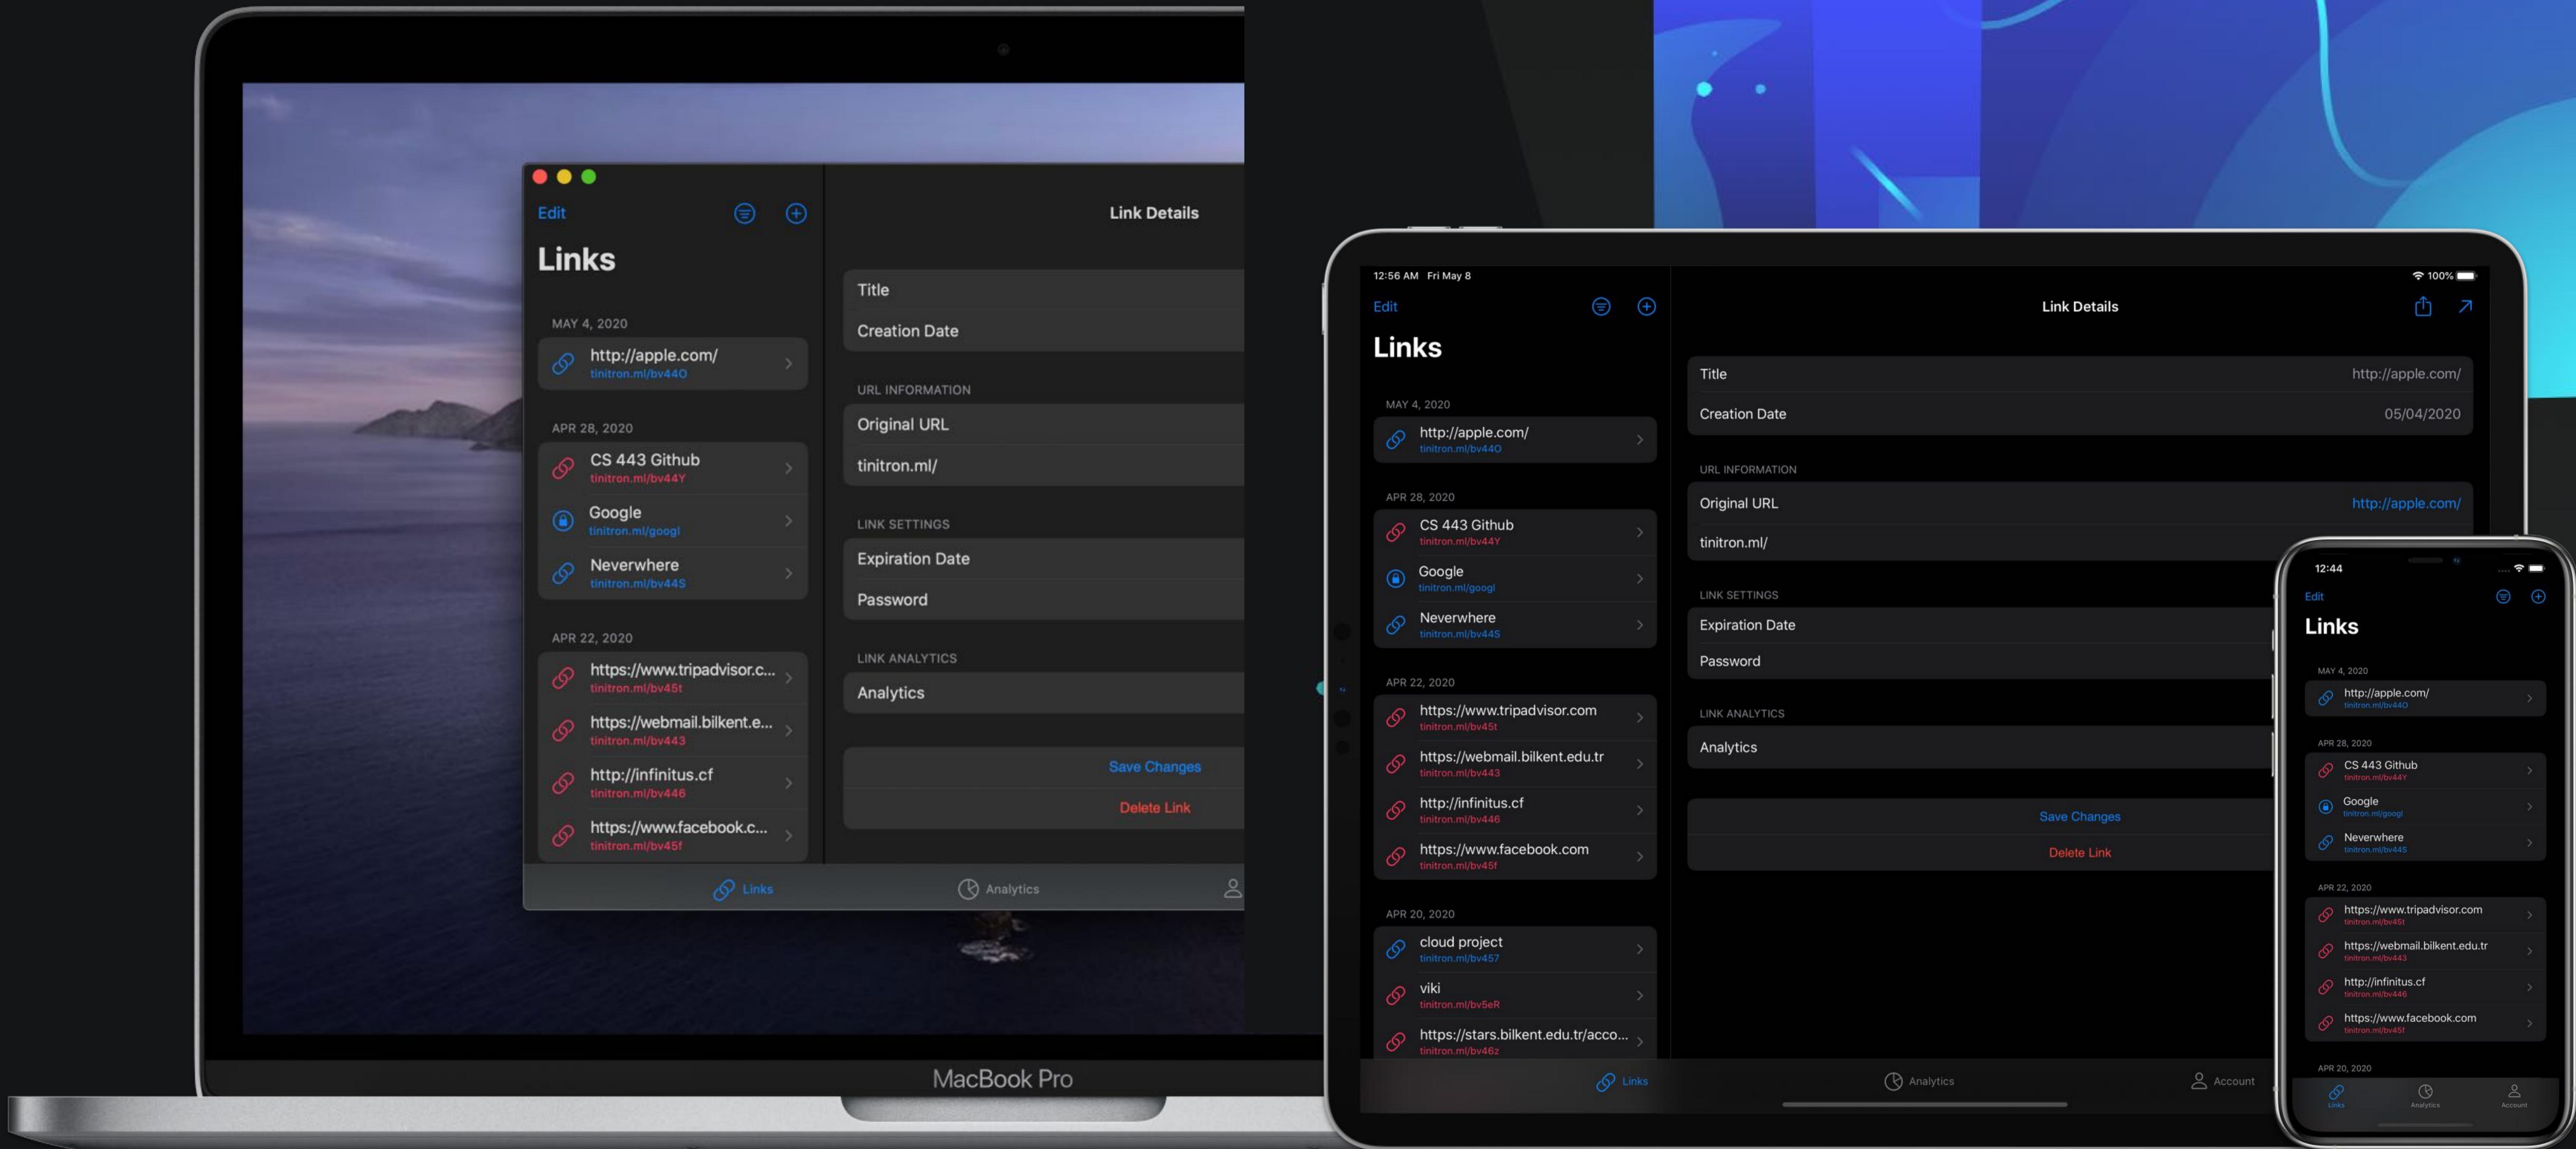

Share your links and let us help with the rest.

Uncover dark social metrics, and learn when and where your audience is most engaged - all in one simple dashboard.

Access From Everywhere.

With cloud native design built in, your links are kept up to date.

Scrap Long Links!

Shorten and brand your links to increase clicks while maintaining the tracking parameters you desire.

The screenshot shows a dark-themed application interface for managing links. On the left, a sidebar lists links categorized by creation date:

- MAY 4, 2020:
 - <http://apple.com/>
- APR 28, 2020:
 - [CS 443 Github](https://tinitron.ml/bv443)
 - [Google](https://tinitron.ml/bv44Y)
 - [Neverwhere](https://tinitron.ml/bv44S)
- APR 22, 2020:
 - [https://www.tripadvisor.c...](https://www.tripadvisor.com)
 - [https://webmail.bilkent.e...](https://webmail.bilkent.edu.tr)
 - <http://infinitus.cf>
 - [https://www.facebook.c...](https://www.facebook.com)

The main area displays "Link Details" for the link <http://apple.com/>, which was created on MAY 4, 2020. The "Analytics" tab is selected, showing the following details:

- Title:** http://apple.com/
- Creation Date:** MAY 4, 2020
- URL INFORMATION:** Original URL: tinitron.ml/
- LINK SETTINGS:** Expiration Date: Not specified, Password: Not specified.
- LINK ANALYTICS:** Analytics tab is selected. A chart shows click trends from January to November. The chart has two y-axes: one for Jan-May (0-200) and one for Jun-Nov (0-80). A single blue bar reaches approximately 220 on the first axis in May. A red bar reaches approximately 50 on the second axis in June.
- Actions:** Save Changes, Delete Link

Below the main content, there are three cards:

- Highlights:** Last access date: 05/04/2020, Daily Average: 67.
- Range:** Max clicks: 67, Min clicks: 67.
- Yearly Highlights:** Total yearly clicks: 67.

At the bottom, there are navigation links: Links, Analytics, and Account.
